

GOLF CART AND UTILITY VEHICLES

are available to university employees, from eligible units, to help complete job duties. Hands-on training is required before operating a vehicle. Prior to training, employees must apply for a University of Oregon Driver Certification. UO golf carts and utility vehicles fall into two categories with the main difference being only some are DMV street legal. In conjunction with the city of Eugene, UO golf carts and utility vehicles are allowed along city roads in campus proper. Consult the UO golf cart/utility vehicle map for routes. For more information visit safety.uoregon.edu/golf-cartsutility-vehicles.

BEFORE DRIVING:

- Determine if your position requires vehicle access.
- Make sure you have a valid state driver’s license and a University of Oregon driver’s certification!
- Attend an approved hands-on training!
- Plan your route using the UO’s golf cart/utility vehicle map at uoregon.edu/maps!
- Do a pre-trip vehicle inspection.
- Wear a seatbelt, if one is provided!

WHILE DRIVING:

- Follow the rules of the road!
- Drive on approved streets until reaching your destination. Avoid sidewalk travel!
- Keep a low speed on campus paths.
- Do not impede the flow of pedestrian traffic!
- Do not park in doorways, fire lanes, reserved parking, or disabled parking. Remove the key when parked!
- For vehicle assistance call CPFM’s Work Control (541-346-2319).
- In an incident, call your supervisor!
- In an emergency, call **911** and **UOPD** (541-346-2919) for immediate assistance!

Complete training before driving a vehicle!

Travel on approved roads before the path closest to your destination!

Do not impede the flow of pedestrians!
