

## SAFETY COMMITTEES

help to ensure a collaborative atmosphere in addressing safety and risk issues from all levels of campus management. Below are some main occupational safety committees and committees with non-supervisor employee members. If you are interested in starting a safety meeting within your unit, speak to your supervisor.

## SUPERVISORY COMMITTEES:

- Safety Advisory Committee (SAC)
- Lab Safety Committee
- Laser Safety Committee
- Institutional Biosafety Committee
- Radiation Safety Committee

## EMPLOYEE PARTICIPATION:

- Safety Through Employee Participation (STEP)
- Housing Food Service Safety Committee
- Department or unit specific meetings (ask your supervisor)

## WHAT TO DO!

- Recognize hazards! Address them if you are qualified. If not, contact your supervisor or CPFM's Work Control (541-346-2319).
- Direct additional questions or concerns to EHS.
- In the event of a chemical spill call EHS!
- If any concern poses an imminent threat, call 911 and UOPD (541-346-2919) for immediate assistance!
- If you are interested in starting a safety meeting in your unit speak to your supervisor.

Speak to your supervisor about a safety meeting in your area!
