The National Disaster Resilient Universities (DRU) Network strengthens the resilience of universities and colleges by sharing experiences, strategies, technical resources, and lessons learned. The Oregon Campus Safety and Resilience Initiative is intended to build a consortium that can link, leverage, and align our limited resources and collective expertise under a shared mission of campus safety and resilience.

The mission of Safety and Risk Services (SRS) is to collaborate with the campus community to safeguard human health and reduce the University’s vulnerability to conditions adversely affecting its ability to fulfill the core mission.
